

Oswal®

Special Quality for
Special People

Our Company is located in Than (Gujarat), is a large-Scale enterprise under modern management system specialized in producing and selling high-class construction ceramics, with many excellent professional staff members. We have been operating advanced manufacturing and it is mighty strength on product design, research & development and technology innovation that make our company enjoy a leading position in this field.

Our company has been awarded ISO 9001:2000 edition international quality system certificate. Through the strictest inspection standard to select raw materials. Our products are examined by the national authorities as the environmental protecting ceramics.

Company Profile

Vision

The company has a vision of becoming one of the most successful Sanitary ware manufacturer and supplier in the present competitive ceramic industry.

Mission

Our mission is to focus on manufacturing in the product which are of best quality as required by the customer.

Goals

continuos improvement of quality in all the manufacturing process. continuos training and education staff every quarterly. Keep The Marketing Channels and Dealers upgrade on the resent changes in the industry.

Production

The Company has well trained and experienced manpower to handle its production. There is an effective control over the whole production cycle achieve quality products. Production department is state of the art with use of all the modem technology like advanced tunnel kiln, modem glazing units and battery casting that is suitable for mass production goods.

Marketing

The Marketing director with his team of channel partners makes it a point to be in the market and feel its pulse, based on the recent changes in the markets and its ongoing trends, feedback for the new design and methods of promotion of the product is achieved by the marketing people. The marketing people gives a positive reports from the industrial influencer. The architects and interior designers to get the latest updates on the ongoing customer preferences.

Quality

Quality at eagle is a three pronged approach focusing on people, Products and Processes. The central principle is to find the cause and eliminate it. This system is very effective in managing quality and moving to a higher level without much loss.

Special quality
For special people

Achievement

Oswal is ably led by Mr. Kirit Prajapati, a founder with a broad vision to take the company to new heights of success and achievement.

With more than 20 years of experience in the ceramic field, he is a technical master with business acumen to lead Oswal to success.

As an entrepreneur he has faced numerous challenges that have made him a high performing leader of his team. He always puts faith in his people and grooms them to perform at a higher level, consistently upgrading their abilities and skills.

An ardent fan of high quality products, he has since the inception of Oswal focused on systems and processes that enhance quality of products. With the wisdom to understand that systems alone cannot deliver high quality, he trains and shows the way to his people to adopt and habituate themselves in quality thinking and a zero tolerance attitude towards lack of quality.

He has been at the helm of affairs at company and always hands on leading the way for juniors to follow and grow into a force to reckon with in Sanitary ware manufacturing sector.

WATER SAVING

Our WCs have a special bowl structure and are specifically designed to flush with both lower (2.5/4 litre) and typical (3/6 litre) water volumes.

By using less water, these water saving Wcs benefit you and the environment. All Home Decor standard height wall-hung frames come with dual flush function as standard in both 2.5/4 litre and 3/6 litre options.

SPACE SAVING

A wall-hung WC takes up less room than a conventional WC, and the concealed installation offers flexibility in confined spaces. The range of compact WCs have shorter projection, saving even more space.

RIM-LESS TECHNOLOGY

Offering effortless cleaning and innovative, hygienic design. Our rimless WC pan eliminates the areas where germs gather and multiply, giving a superior level of hygiene.

WASHBASIN FORMS

Washbasins can be used with a pedestal as well as being wall-hung. Basins suitable for use with a counter top can be fitted in three alternative ways:

COUNTERTOP

INSET

UNDERCOUNTER

FISCHER

A simple, elegant installation system for use with wall-hung WCs. The fixings are hidden from sight by the use of internal ABS sleeves, creating a clean, smooth design.

CHARACTERISTICS

All seats and covers are subjected to a weight test.

All WC pans are subjected to an odor leakage test.

All seats and covers are subjected to an open/close test.

Saves water with only 1 Ltr. of water consumption.

Soft Close Seats & Covers
Soft Closing and silent
Special technology

Requires very little space and provides easy bottom cleaning.

Anti Bacterial Glazed

ECO FRIENDLY MANUFACTURING

Our plants comply with green building norms of the Indian Green Building Council.

WALL HUNG BASIN

As per shown in the picture, the rag bolt must be grouted into the cement/concrete wall. The bolts must be fixed to the cement/concrete wall. Allow setting & checking than install it using nut and washer.

COUNTER WASHBASIN

At the beginning

1. A skilled or experienced person should install counter lavatories.
2. Avoid using adhesive with this product.
3. Check the waste area and supply tubing if required.
4. Do not open the lavatory from its protective carton until you are ready for installation.
5. Please follow all local building and plumbing codes.

MATERIAL & TOOLS

Measure tape, Keyhole or saber saw, Hammer, Glasses, Rags or Paper toweling, Drill (1/2 dia, drill bit or larger), Pencil, sealant, sharp knife or scissors.

INSTALLATION OF LAVATORY

Please Note : Please install it in a way that future removal from underneath the counter top is possible without damaging the counter top.

1. Please check the desired location for clearance between the back splash, faucet, Fixture and cabinet.
2. Please cut the template.
3. Please carefully trace the template on the counter top directed.
4. Please mark the faucet hole centerline on the counter top.
5. Please drill a 1/2" pilot on the inside of the cut line.

For Wood Counter tops:

1. Mark and per-drill the wood screw holes at the locations shown on the template.
2. Waterproof any exposed areas of wood.

For Marble Counter tops:

1. Position the counter top upside down on foam padding to protect the surface. Mark and drill 3/6" holes 5/8" deep at the locations shown on the template.
2. Use a setting tool and hammer to secure the anchors.

For All Installations:

1. If the counter top has not been installed, install it at this time.
2. Drill the faucet holes according to the faucet installation instructions.
3. Install the faucet to the counter top according to the manufacturer's instructions.
4. Install the drain to the lavatory according to the manufacturer's instructions.

Maintenance

MAINTENANCE

Like any other part of your house, the bathroom can be made to look great and made to last if it is taken care of regularly. To make your bathroom beautiful here are some invaluable tips.

Wash Basin

A mild detergent can be used to wash the basin at least once a day. After washing, the basin should be wiped out clearly to avoid water stains.

Closets

Cleanser like Harpic can be used to clear the closet with soft plastic brush, at least once a day.

To avoid minute discoloring, after flushing the toilet give it a once over with the soft brush.

Keep the toilet brush handy in a convenient stand nearby.

In case of toilets and basins, if there has been no maintenance since long period of time, water deposits and discoloration can form on the surface of areas that get wet. In such cases, these stains / marks can be removed with the help of a solution of dilute hydrochloric acid.

Clean with a soft cotton cloth and warm water with soap.

Do not use thinner, dry cleaning liquids or powder paste. Use a liquid cleaner at least twice a week.

Use Brasso or car rubbing compound and then polish with a cloth to remove fine scratches.
